

# Policy 5130.3: Student Activity Eligibility

Participation in school activities is a privilege. School activities provide the benefits of promoting additional interests and ability in the students during their school years and for their lifetime.

However, students who participate in extracurricular activities serve as ambassadors of the school district throughout the calendar year, whether away from school or at school. Students wanting to participate in school activities must meet the requirements set out by the school district for participation in the activity and must conduct themselves in accordance with student conduct policies.

Student activity events must be approved by the superintendent unless they involve unusual travel expense, in which case the board will take action. The events must not disrupt the education program or other school district operations.

Eligibility requirements as published by the Nebraska School Activities Association (NSAA) shall be observed by all students. Additional eligibility requirements may be imposed by the school district at the board's discretion. Such eligibility requirements shall include good citizenship, acceptable academic standing, parental permission and good health (sports only). All eligibility requirements shall be published in applicable student/parent handbooks.

Any student who is sanctioned or is found by the school district or NSAA to be ineligible to participate in any extracurricular activity may appeal the sanction or finding in accordance with the student due process policy.
