

# Policy 6286: Return to Learn From Cancer

The Superintendent or designee shall make available training on how to recognize that students who have been treated for pediatric cancer and returned to school may need informal or formal accommodations, modifications of curriculum, and monitoring by medical or academic staff.

A 504 team meeting will be held, as appropriate, to develop individual return to learn accommodations and modifications.

Adopted 07/20/2015   Revised 7/18/16
